

Intensive Support for SINI and Title I School Districts in New Jersey

Support school districts in NJ that have low-performing schools or an “In Need of Improvement” status

How do we support our districts?

By...

- Providing high-quality training, education, support and information that facilitate parent involvement
- Providing the Creating Home/School Partnership training, a training, to each district that creates an Action Plan to enhance Parent Involvement
- Offering trainings that increase skill to parent educators
- Assist each district in establishing or enhancing a Parent Advisory Committee
- Measuring the impact of the work NJPIRC provides through a quasi-experimental design (John J. Heldrich Center for Workforce Development)

NJPIRC will distribute a Request for Proposal yearly for School Districts interested in receiving services through NJPIRC. Contact us if you would like to receive this RFP or would like more information about our program.
